European Union flag

The diagram illustrates the correct installation of the SICC BT 102 01 gas burner. It shows the burner assembly mounted on a metal frame. Key features include: a prohibition of oil filling (indicated by a red circle with a slash and an oil can icon); a warning of high gas flow (indicated by a red triangle with an exclamation mark and a pressure gauge showing 0 to 3 bar); and a maximum pressure limit of 3 bar (indicated by red text). The diagram also shows the burner assembly connected to a gas supply line with a pressure gauge and a gas flow rate of > 120sec x 400 l/h. The burner is labeled SICC BT 102 01 and VDI 2035. A Swiss flag and a European Union flag are also present.
